

Pan Naithin is an accounting student of year three at Western University. She has five siblings. Her two brothers and one sister dropped out lower secondary school due to financial problem in the family. Her parents work on corn plantation that can earn little money to support everyday living expense.

Naithin has been selected to receive scholarship support because no one can access higher education in the family and she lives in a small and ragged house. With scholarship, she attended many activities such as club study, English, Computer, monthly meetings, other soft skills and also community outreach.

Naithin is patient, helpful and hardworking student. She is good at Mathematics and currently she has volunteered to be as a club leader of Statistic. Remarkable, Naithin keeps her good record, rank #3 in her class for semester two, year two at University.

In the future, she would like to be an accountant manager in a company, NGO or bank.

Ms. Phan Sophakroth, a year III of Accounting students is studying at western University.

She has two siblings. Her father is a construction worker and her mother is working alone on the vegetables farm for everyday life.

Pharkroth is a kind, friendly, and hard-working student. She participated in different competitions including Debating, Public Speaking, Essay Writing, and Quiz organized by Boda Initiative and One Asia Foundation in partnership with Western University, KAPE Organization and American Corner. She got three certificates and earned around \$230 from the competition.

Besides, she volunteers to provide training on leadership to about 100 students from three high schools. This can help her to improve capacity as a leader and a trainer.

In the future, she would like to work for private company as an Accountant. She will support her family and other poor children to get higher education.
